PROJECTS

Bira - Jira Clone 🐙

C#, .NET Framework Web Forms, ASP.NET Core, HTML, MySQL,

Sep 2025

- Developed a Jira clone named Bira using .NET Framework and WinForms with a separate login and dashboard for Team Lead and Employee roles.
- Implemented a responsive UI that displays real-time information fetched securely from backend APIs.
- Ensured secure login and role-based access control for enhanced data protection and workflow management.

Mustaab E-Commerce Platform 🐙 🌐 **Live**

MERN Stack, Razorpay API, Shiprocket API, JWT

Aug 2025

- Collaborated with a teammate to build a full-stack e-commerce website using the MERN stack, implementing secure authentication.
- Integrated Razorpay for payments, Shiprocket for order tracking, and developed a responsive, user-friendly interface.

ChatGPT API integration in applications

Feb 2024

- Developed an intelligent assistant that generates real-time responses by combining multiple AI models and live search data.
- Built tools to summarize YouTube videos and extract insights from PDFs, CSVs, and Excel files.

INTERNSHIP

August Devices

Jun 2025 – Present

Software Developer Intern

Hyderabad (On-site)

- Currently working on .NET-based application development, including API integration and database operations using SQL Server.

Doc Online

Sep 2024 – Feb 2025

Java Developer Intern

Hyderabad (On-site)

- Assisted in developing and testing Java-based modules under the guidance of senior developers.
- Gained hands-on experience with Java programming, debugging, and working with SQL databases.

PreqInsta AWS Internship

Jun 2023 – Jul 2023

Cloud Intern

Remote

TECHNICAL SKILLS

Languages: Python, Java, CSharp, SQL

Developer Tools: VS Code, IntelliJ Idea
